£ 2		The state of the s												
' 3	status of the "Fanto" refinery, between the marshaling yard in East Budapest and Csepel Island 50X1-H													
	the "Fanto" refinery was reconstructed after world war II and was in full operation at the time he left in March 1953.													
	this refinery was probably incorporated, with other refineries and placed under state control.													
	WALLE STREET TO ATTACK													
	around Budapest. sign on the tracks in the many vehicles were painted gray and the state of the	the former Shell plant on Csepel Islanda gasoline tanker trucks with the Shell These trucks were operating in and some railroad tank cars with the Shell arshaling yards. After 1951 all of these and no Shell signs were seen.												
	control sometime in late 19	refineries were placed under state	50X1-HL
